

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Denise Main on 10-12-05.

The application has been amended as follows:

Claim 11: Page 2 (of the amendment), line 16 (from top), delete the phrase "**naphthyl groups, pyridyl groups**" since these groups have been deleted from the definition of R^1 and R^2 .
At the end of line 16, delete the letter "s" from the word 'groups' so as to put it in a singular form.

Page 2, on the last line, delete "**-NH-CHO-**" (a divalent group), and insert -- -NH-CHO -- (a monovalent group) in its place.

Page 3, line 17 (from top), delete the phrase "**wherein m is 0, 1 or 2**" because $S(O)_m$ has already been deleted from claim 11.
